Triumph 430

Three Speed blower

Choose a Triumph® self-contained extractor with widths ranging from 12 to 16-inches, and 4 or 11-gallon tank sizes. These models include quick drain systems, floating brushes, multi-stage vac motors, and chemical-resistant Viton seals.

Our Pro and Deluxe series box extractors are constructed of durable polyethylene tanks with integrated handles, clam shell design for easy maintenance, large transport wheels,

and multi-stage vacuum motors for superior waterlift. Choose from the smaller Triumph 430 model, or the variety of 15-gallon units.

Utilize the stackable 3-speed 1/2 hp. blower to help air flow and speed extraction dry times.
